

Awards Brochure

July 4 & 5, 2018 - Castello di Belgioioso, Pavia - Italy

WHY IDEAS?

Ideas 4 Automation is the opportunity to present shortly a schematic representation of new possible application in the Industrial Automation. The Award will allow the winner to develop their own Ideas and the support of AIS ISA Italy Section for the disclosure of the same

CALL 4 AWARDS NOMINATIONS

We are delighted to announce the launch of the second edition of the “Ideas 4 Automation Award” to be celebrated at the upcoming event “Automation for Instrumentation Summit”, that will be held on 4th- 5th July 2018 at Castello di Belgioioso, Italy.

PARTICIPATION

The participation to the award is open to students of high school, undergraduates of any degree and Ph.D candidates **who are interested or study any of three themes of the Automation Instrumentation summit 2018**. It is also possible to make a presentation about Topics not limited to the themes listed, and in any case focalized on the concept of “Automation” or “Instrumentations”.

Students won't be asked to realize their Ideas, but just how an Idea could be eventually realized.

THEMES OF THE CONFERENCE

THEME 1

Advances in control systems

THEME 2

The Industrial Internet of Things, 4.0, cybersecurity

THEME 3

Instrumentation & analysers technology evolution

IMPORTANT DATE

Deadline for submission

June 25th

Conference meeting and Awards

July 4th-5th

THE SUBMISSION TO THE COMPETITION NEEDS:

All the material prepared shall be in English language.

◆ **A.** The attached form filled with the personal information, contract and details on the school/university.

◆ **B.** A brief (max. 4 pages and max. 1000 words) but detailed written description of the “Idea 4 Automation” highlighting the following points:

1. Recall the main THEME of your Idea
2. Details of the Idea
3. Explain the main steps for its realization
4. The condition for the success
5. The support needed (not economic) for the realization of the Idea (which knowledge and position is required for the realization).
6. Which are the main effect of the idea (advantages, changes in social behaviors etc)

◆ **C.** As an alternative to the written description, a brief video (max 3 minutes) where the candidates explain the Idea, and a bulleted list with the main features of the work as listed in Point B. The Video shall be structured as the written presentation.

AWARDS

The Awards will be given in recognition of the 3 best Ideas for Automation:

FIRST PLACE

money prize of **3000Euro** + subscription to the AIS-ISA events 2018

SECOND PLACE

money prize of **2000Euro** + subscription to the AIS-ISA events 2018

THIRD PLACE

money prize of **1000Euro** + subscription to the AIS-ISA events 2018

The ceremony will take place at the 4th-5th July 2018 meeting.

A first selection among all the participating Ideas will be done before the conference.

All the students on the accepted Ideas will have the chance to attend the conference.

The prizes will be given only to students who attend the conference.

The presented Ideas will be judged by the scientific committee for the conference.
