

# AUTOMATION INSTRUMENTATION SUMMIT 2019

co-locate with 6<sup>th</sup> ISA EMEA

## EXHIBITOR INVITATION

June 19 & 20, 2019

Castello di Belgioioso, Pavia - Italy

# A SUCCESSFUL 2018 EVENT

## CONFERENCE AND TRADE SHOW UNDER ONE ROOF

The second edition of the Automation Instrumentation Summit took place again at the Castello di Belgioioso (Pavia) on July 4 and 5, 2018. The welcome speeches of Diego Bertazzo, President of AIS and Matteo Finardi, President of ISA Italy section officially started the two days of meetings and debates that took place in an international atmosphere.

The event was opened by Pierroberto Folgiero, CEO of Maire Tecnimont, and Maria Cristina Messa, Dean of the University Milano Bicocca, who provided a clear and actual overview respectively of the Oil & Gas sector and of the academic world, increasingly looking for effective collaborations with industry for the development of new ideas and opportunities for young

talents. Mauro Paganelli of Techint and Federico Mazzanti of XSIGHT by Saipem opened the second day sessions, providing their own visions regarding the future of the instrumentation world. Congress delegates met 71 exhibiting companies presenting their own automation and instrumentation products and services related to oil&gas, petrochemical, power generation and automation sectors as well as about 20 representatives of the Associations, Media and Universities. The third edition of the Automation Instrumentation Summit will be hosted at Castello di Belgioioso, in the outskirts of Pavia, on June 19 & 20, 2019

60 SPEAKERS

1000 VISITORS

71 EXHIBITORS

20 PARTNERS:

## EXHIBITION PRICES

### HOW TO PARTECIPATE

Due to some building restriction of the historical venue equipped stand spaces are provided. Should you have special stand building request please contact us as soon as possible.

**A. 6 m2 EUR 5.000,00 + 22 %VAT**

**B. 8 m2 EUR 7.000,00 + 22 %VAT**

**C. 12 m2 EUR 10.000,00 + 22% VAT**

The equipped stand space includes: system back wall height 210 cm, spotlights, carpet, power connection (220v - 2 Kw) with socket, 1 information counter with stoll, fascia lettering, waste basket, daily cleaning, waste disposal, basic catalogue registration.

For sponsor partnership packages please contact our **Event Consultant STUDIO REALINI.**

## CASTELLO DI BELGIOIOSO

### THE CONFERENCE VENUE

It is believed to have been the initiative of Galeazzo II, who had it built on the extensive landholdings of the Visconti family in the second half of the 14th century. This historic monument now offers a stunning setting for public and private events, including weddings and company parties.

The Ente Fiera now boasts thirty years of experience in the organization of exhibitions and art events, drawing in more than 600 exhibitors and over 80,000 visitors each year from all over Italy.

# THE CONFERENCE

## TECHNOLOGY DEVELOPMENT

To overcome the recession the market has to better understand the needs of end users and customers. Thanks to the presentation of case histories conference attendees will gain knowledge of technological advances in automation and applied process improvements. Key of the conference success is not only to inform conference attendees about current technology but to bring awareness on how this technology has been applied in order to improve productivity, quality and sustainability within the industry.

# THEMES AND TOPICS

## PRODUCTS AND SYSTEMS EVOLUTION

### **THEME 1**

Advances in control systems

### **THEME 2**

The Industrial Internet of Things, 4.0, cybersecurity

### **THEME 3**

Instrumentation & analyser technology evolution

### **THEME 4**

Telecommunication system

# ABSTRACT SUBMISSION

The abstract, written in English, should be between 150 and 300 words

Abstracts must be submitted by **January 15, 2019** Please submit your abstract asking for the ABSTRACT FORM at the CONFERENCE SECRETARIAT at
